NEXT WEEKS SPECIALS:

Monday (Day 3)	Art
Tuesday (Day 4)	PE
Wednesday (Day 5)	Guidance
Thursday (Day 6)	Enrichment
Friday (Day 7)	Engineering

A Note from Mrs. Atkins

Happy Friday!

I hope you all had a wonderful weekend!

This week we had an awesome visit from Author Max Brallier! While here at Sycamore he shared what made him become a writer, and he also shared how he came up with the ideas for his book series, *The Last Kids On Earth*. Our favorite part was listening to him tell stories about what he was like growing up.

This week in Word Work we practice using spell check and dictionaries to spell unknown words. You can practice this over the weekend by allowing your child to continue to practice with these two spelling resources. This will help them to be more independent when spelling tricky words in their writing.

This week in math we started our unit on measurement. In this unit we will be

learning about both metric and customary measurement. We started our unit by learning about meters, grams, and liters. I've posted a picture on Class Dojo that you can use as a resource at home.

That covers everything for this week! Have a safe and fun-filled weekend!

Don't forget to keep collecting and sending in Box Tops!

Happy Birthday:

- May 1st— Kylie
- May 14th— Ava
- May 17th— Lita
- May 31st— Ava Sophia

Next Weeks Objectives & Important Dates
