<b>Tuesday (Day 3)</b>	<b>Art</b>
<b>Wednesday (Day 4)</b>	<b>PE</b>
<b>Thursday (Day 5)</b>	<b>Guidance</b>
<b>Friday (Day 6)</b>	<b>Enrichment</b>

## A Note from Mrs. Atkins

Happy Friday!!

It's almost time for Croc Mile!! In your child's Folder you will find all the information you need for Croc Mile. Including the pledge website, info on prizes, our class run time, and much more! This year Croc Mile will be ran 100% by our PTA, which means all the proceeds will stay within our school!

This week in Reading we learned how to analyze characters. That means we learned how to look at the characters actions to determine their character traits and the events that motivated them to react the way they did. This weekend you can extend this learning by analyzing the characters in your favorite show, movie, or book! Remember, analyzers dig deep, so we aren't discussing physical traits, we're discussing personality traits.

Today in math we

began our new unit on factors. This unit, as well as the following unit, multiplication and long division, will rely heavily on the students knowledge of multiplication facts. I shared with them in class today that it is very important for them to continue to build fluency with multiplication fact 0-12. This knowledge will be extremely important to them as we move forward in math. They can practice their facts by using flashcards, memory games, and multiplication games/apps.

That covers everything for this week! Have a safe and fun-filled weekend!

Don't forget to keep collecting and sending in Box Tops!

## Happy Birthday:

- Sept. 17th— Claire

## Next Weeks Objectives & Important Dates

Word Work: Verbs

Writing: Narratives

Reading: Theme (4.RL.2)
